THE VILLAGE OF SUGAR MOUNTAIN
251 Dick Trundy Lane
Sugar Mountain, NC 28604

July 10, 2025

It is hard to believe that we are approaching the middle of July. At this point, we have completed the line striping on the roads. The weather didn't allow us to finish this as soon as I would have liked but we are glad to have this behind us. I have been in discussion with paving crews to get our summer work completed. I anticipate to have this work finished before fall sets in. We have also nearly finished the ditch cleaning project. This has been a very extensive and time consuming task. It involves completely grading and cleaning out the surface and banks of the ditches using an excavator and skid steer. I appreciate the patience our citizens are exhibiting with the traffic delays.

The golf course continues to improve daily. Dail Golf, our contractor on site performing the repairs began pouring the concrete liners into the bunkers this week. Now they will focus on preparing the remaining sandtraps for concrete and there are 3 days schedule next week for the remaining pours. Since the last meeting, we have been able to open 3 additional holes on the course giving us 13 available for play. I hope we can add additional holes as the season progresses. If any one has any questions or concerns, please do not hesitate to contact me.

Respectfully submitted,
Bill Daniels,
Village Maintenance Director
